Manager's Message

The swimming pool is back to normal and is the relaxing oasis on top of the mountain. It is truly great to see everyone enjoying it. Any comments or suggestions to make it even better are always welcome. Don't forget, if you want to 'disconnect' and enjoy a good book, the clubhouse has a wide selection to choose from.

Once again, we would like to remind everyone that we do not allow fireworks. This is a safety concern. The resort will be setting off a very impressive display and we recommend you relax, enjoy and let the experts do their magic. If you rent your home, please remind your guests of this policy.

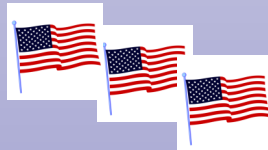

MAINTENANCE MINUTE

The Spring AC checks are completed. The filters have been changed. If you experience an issue with the AC, please call me right away. Reminder for the townhouse owners, it takes several hours to cool down such a large space.

We are repairing and replacing some of the door closures that have lost their fluid. They are 'back ordered' and we are awaiting their arrival.

Fireworks Safety *for pets*

Keep your pets secured INSIDE your home. Even dogs in fenced yards find ways to escape the scary sounds.

Give them a safe place to hide. Set up a comfortable room or crate in your house just for them.

Use ambient noise to mask the noise. A radio or TV playing comforting music works well.

Update their IDs & microchips (*just in case*).

Skip the celebration and stay home with them. Sometimes your presence makes all the difference.

Keep them busy. Treat toys, like Kongs, can help distract them during the display.
